

COVID-19 SOCIAL STORY/ LETTER FROM YOUR TEACHER

As I sit here writing to you, I feel very sad. I feel sad because I miss
👉
you very much.

You may know that school is closed. Our school is closed because people are getting

very sick from a virus and your teachers want you to stay healthy.

A virus is spread by germs. We share germs when we touch other

People or objects, cough, sneeze, and put things in our mouths.

We can stay healthy by staying home, covering our mouths,
and washing our hands!

You may feel sad, worried, angry, happy, or even confused that school is closed. You can tell a grown up how you feel.

While you are at home, you can spend time with your family.

Go on a walk

Read a book

Help clean

play together

Have a dance party

Draw a picture

Sometimes, you may feel bored. At home you can do many fun things. You can...

The school will tell you when it is safe to come back. I hope I see you soon. Stay safe!

Love, Miss Geneva
