

**I found the letters of my name on signs in my neighborhood.**

On a walk, bike ride, or drive, can you find your name's letters?  
(If you are really brave, look for the letters in your last name, too!)

**Write your name in the boxes below.**

(You might not need all the boxes.)

**On a walk or ride, cross off the ones you find on signs.**

Take some pictures of them to show me. :)
