

Tips for a Successful Zoom Call with Your Child

1. Please make sure your child is not hungry. Have meals/snacks beforehand, not during the Zoom.
2. Make sure your child has gone to the bathroom/had a pullup change. (Keeps wiggling to a minimum 😊!)
3. Don't pull your child away from a preferred activity to watch the Zoom; they won't want to attend! Have them do a neutral activity beforehand.
4. Give your child a 5 and then a 1-minute warning: "In five (one) minute it will be time to Zoom with ____"
5. Have your child SIT AT A TABLE. They will not attend if they can lounge or wander around.
6. Please keep the surface clear of distractions and keep the screen out of their reach.
7. The session should be their own; siblings should be occupied with something else.
8. Let your child participate! Please don't give your child the answers or do the activities for them.
9. Don't let other people talk in the same room; we can hear them!
10. If you have concerns, please don't hesitate to contact me- let's work together!

Thank you!!!
