RE: Indicators 11 & 12 Monitoring Timeframe Change for FFY23

The New Hampshire Department of Education (NHED), Bureau of Special Education Support (Bureau) is writing with information for LEAs relative to the change in monitoring timeframe for Indicator 11: Child Find and Indicator 12: Early Childhood Transition, beginning in Federal Fiscal Year 2023 (FFY'23) in school year 2023-2024.

Pursuant to the federal requirements for the measurement of Indicators 11 and 12, as NH has a statewide data system for special education, both indicators are required to include data for the entire reporting year and not a sample set.

This change will go into effect beginning with the analysis of the July 1, 2023 – June 30, 2024 school year's data.

The calculations for Indicators 11 and 12 will not change, only the timeframe the data is collected from. Please see the attached PowerPoints for additional information.

Additional information and training will be coming regarding the new timeline for review and notification for Indicators 11 and 12.

For the 2022-2023 school year the processes will continue as previously notified.

Should you have questions, or need further clarification, please contact Brandy Pappas at Brandy.a.Pappas@doe.nh.gov or (603) 271-2178.
