## Individuals with Disabilities Education Act (IDEA) Part B Indicator 12: Early Childhood Transition

Percent of children referred by Part C prior to age 3, who are found eligible for Part B, and who have an IEP developed and implemented by their 3<sup>rd</sup> birthdays.

### Federal Calculation:

The number of those found eligible who have an IEP developed and implemented by their third birthdays (c) divided by (a) minus (b) minus (d) minus (e) minus (f). [  $c / (a - b - d - e - f)$  ]

- a. Number of children who have been served in Part C and referred to Part B for Part B eligibility determination
- b. Number of those referred determined to be NOT eligible and whose eligibility was determined prior to their third birthdays
- c. Number of those found eligible who have an IEP developed and implemented by their third birthdays
- d. Number of children for whom parent refusal to provide consent caused delays in evaluation or initial services or to whom exceptions under 34 CFR 300.301(d) applied
- e. Number of children determined to be eligible for early intervention services under Part C less than 90 days before their third birthdays
- f. Number of children whose parents chose to continue early intervention services beyond the child's third birthday through a State's policy under 34 CFR 303.22 or a similar State option if applicable (*Note: not applicable in NH*)

Note: The State is required to account for children who would be expected to, but did not, have an IEP developed and implemented by their 3<sup>rd</sup> birthday (children included in (a), but not included in b, c, d, e, or f) and indicate the range of days beyond the third birthday when eligibility was determined and the IEP developed, and the reasons for the delays.

### NH Data System:

This data is captured in the New Hampshire Special Education Information System (NHSEIS) by flagging children's information imported from the IDEA Part C Family Centered Early Supports and Services (FCESS) and as entered by the district through the student's date of birth, eligibility determination and determination date, and the IEP signature date.

This data is reported using the Early Childhood Transitions Report in NHSEIS and through the Bureau's Indicator 12 desk audit.
